LIBRARY OF CONGRESS
RECEIVED
JAN 5 - 1921
DOCUMENTS DIVISION

STATE OF WISCONSIN

DEPARTMENT OF PUBLIC INSTRUCTION

Madison, Wis., June 1, 1920.

This price list of textbooks is issued in conformity with paragraph (b) of subsection (1) of section 40.35 of the Wisconsin statutes, which is printed on the following page.

The list gives in alphabetical arrangement the price lists of publishers of school textbooks who have complied with the provisions of section 40.35 of the Wisconsin statutes relating to the adoption, sale, or exchange of textbooks in Wisconsin by publishers or sellers thereof.

All previous textbook price lists issued by the department should be discarded. The present list should be kept on file until displaced by a subsequent list.

Should any school textbooks be offered for sale in this state which are not listed herein, or should different prices be charged than those printed in the present list, the proper superintendent should be informed in regard thereto, unless the person concerned is satisfied that such offerings are in accordance with legal listings made since June 1, 1920. See subsection (4), section 40.35, of the statutes (page 5 herein).

Owing to the unsettled condition of the publishing business, it is to be expected that many prices will be legally changed after this bulletin goes to the printer and before the next annual bulletin is issued.

C. P. Cary,
State Superintendent.

*LAWS RELATING TO PRICES AND LISTING OF TEXTBOOKS IN WISCONSIN

SECTION 40.35. No person shall offer any school textbook for adoption, sale or exchange in the state of Wisconsin until he shall have complied with the following conditions:

(1) (a) He shall file copies of all textbooks proposed to be sold in the state of Wisconsin by the company manufacturing such book, in the office of the state superintendent of public instruction with a sworn statement of the list price, the lowest wholesale price, and the lowest exchange price at which said book is sold or exchanged for an old book on the same subject of like grade and kind but of a different series in states of the United States including the state of Wisconsin.

(b) The state superintendent of public instruction shall annually on the first day of June publish a list of the new books filed during the school year and a list of all books heretofore filed, the prices of which have been legally changed by the publishers during the year, and send to the county and city superintendents a sufficient number of copies thereof to enable each county or city superintendent to supply the school clerks under his jurisdiction.

(c) School districts are hereby authorized to purchase textbooks from the publishers at the prices listed with the state superintendent of public instruction as hereinbefore provided and to sell said books to the pupils at said listed prices or at such prices as will include the cost of transportation and the cost of handling.

(2) He shall file with the state superintendent of public instruction a bond running to the people of the state of Wisconsin, with a responsible surety company authorized to do business in the state of Wisconsin as surety thereon, in a penal sum to be determined by the state superintendent of public instruction, of not less than two thousand dollars nor more than ten thousand dollars, conditioned as follows:

(a) That he will furnish any of the books listed in said statement and in any other statement subsequently filed by him within five years, to any school district, to any school corporation and to any person or corporation in the state of Wisconsin at the lowest price contained in said statement and that he will maintain said price uniformly throughout the state;

(b) That he will reduce such prices automatically in Wisconsin whenever reductions are made elsewhere in the United States, so that at no time shall any book so filed and listed by him be sold in the state of Wisconsin at a higher net price than is received for such book elsewhere in the United States;

(c) That all textbooks offered for sale, adoption, or exchange in the state of Wisconsin shall be equal in quality to those deposited in the office of the state superintendent of public instruction as regards paper, binding, print, illustrations, subject matter, and all other particulars that may affect the value of such textbooks;

(d) In case he shall prepare an abridged or special edition of any of the books so listed by him, and shall sell such special edition elsewhere at a lower wholesale price than the wholesale price scheduled with the state superintendent, he shall file a copy of such special edition together with the price therefor, as above stated, with the state superintendent of public instruction;

*The laws are given as renumbered by act of the Legislature of 1917.

(e) He shall not enter into any understanding, agreement, or combination to control the prices or to restrict competition in the sale of school textbooks.

(3) Such bond shall be approved by the attorney-general and shall continue in force for the period of five years after its filing, at or before the expiration of which period a new bond shall be given, or the right to continue business within the state shall be forfeited.

(4) It shall be the duty of all teachers and principals of schools in the several districts of this state, to notify the city or county superintendent of schools of the school district corporation in which they respectively reside, of any violation of any of the conditions contained in said bond that shall come to their knowledge, and it shall thereupon be the duty of such city or county superintendent of schools to investigate the alleged violation, and if he shall determine that there is good ground for believing that said conditions have actually been violated, he shall forthwith report the matter to the state superintendent of public instruction, who shall thereupon notify the person guilty of such violation to comply with the conditions of his said bond and to make good any loss or injury that may have been occasioned by such violation within a reasonable time to be inserted in said notice. If the person so notified shall fail to comply with the requirements of the notice, the said superintendent of public instruction may thereupon suspend his right to sell school textbooks within the state of Wisconsin until he shall so comply. In case any person who has given the bond aforesaid shall refuse to comply with the provisions thereof, or shall violate the same the second time, the said superintendent of public instruction shall declare his bond forfeited and the attorney-general shall bring suit thereon in any court having jurisdicton thereof. In case judgment shall be rendered in favor of the state on such bond, judgment shall be entered and damages assessed for the penal amount thereof, and when paid, it shall be placed to the credit of the state school fund for the common schools of the state of Wisconsin. In case judgment is rendered against the principal of such bond, he shall be barred from further continuance of his business within the state of Wisconsin for a period of five years.

(5) No person shall secure or attempt to secure the sale of any school textbooks in any school district in this state by rewarding or promising to reward any teacher in any school in the state or by securing for him any position in any other school. No person shall offer or give any emolument, money or other valuable thing, promise of work or any other inducement to any teacher or school officer in any school district for any vote or promise of vote or for the use of his influence for any school textbook to be used in this state; provided that nothing in this section shall be construed to prevent any person from giving, or any school officer or teacher from receiving a reasonable number of sample copies of school textbooks for examination with a view to obtaining information as to the book or series of books for which such officer shall give his vote.

(6) The word "person" as used in this section shall include firms, associations and corporations.

(7) Any person violating any of the provisions of this section shall, on conviction thereof, be punished by fine not exceeding five hundred dollars, or by imprisonment not exceeding three months, or by both such fine and imprisonment at the discretion of the court.

ADOPTION OF TEXTBOOKS. RETAIL PRICES

SECTION 40.355. (1) District school boards and boards of education are empowered, and directed and it is made their duty to adopt, for their respective schools from the list of school textbooks on file with the state superintendent of public instruction, as provided by law, all the school textbooks necessary for use in the schools under their charge, and such school textbooks when so adopted shall not be changed for five years.

(2) School districts are hereby authorized to purchase out of the funds of the district, textbooks direct from the publishers at the prices listed with the state superintendent of public instruction as provided by law and to sell said books to the pupils at the actual cost to the district.

(3) School districts are hereby authorized to purchase out of the funds of the district, school textbooks from the publishers at the prices listed with the state superintendent of public instruction as provided by law and to designate a retail dealer or dealers to act as the agent of the district in selling textbooks to pupils. The said dealer or dealers shall at stated times make settlement with the district for such books as have been sold up to the stated time. Said dealer or dealers shall not sell textbooks at prices which shall exceed a ten per cent advance on the net prices as listed with the state superintendent of public instruction. Any dealer violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than twenty-five dollars and not more than one hundred dollars.

(4) It shall be unlawful for any retail dealer in textbooks to sell any books listed with the state superintendent of public instruction as provided by law at a price to exceed fifteen per cent advance on the net prices as so listed, transportation added thereto. Any dealer violating the provisions of this section shall be guilty of a misdemeanor, and, upon conviction shall be fined not less than twenty-five dollars and not more than one hundred dollars.

(5) This section shall not operate to prevent any school district from furnishing free textbooks to the pupils attending the schools in such district provided such textbooks shall be purchased by said school board in accordance with the provisions of this section.

NOTE—For other laws relating to textbooks, see sections 40.31 to 40.34 of the statutes, inclusive. For a law relating to textbooks in schools of cities under the general charter laws, see subsection (4) of section 925—**116.**
